

CAMP OLAVE CLEANERS – CONTACTS AND RATES

The On-Site Manager will arrange a time with you to come and inspect your site before you go home. Follow the cleaning list you were given when you checked in.

If you hire a cleaning company you still need to complete the first 5 items on the cleaning sheet. Arrange with the cleaning company a minimum of 2 weeks prior to camp. Give your cleaning cheque to the On-Site Manager when you check in. All cleaning by professional cleaners during July and August must be completed by 12:00 noon.
